

Faculty Development –

Workshop: All faculty members attended 2 days in-house workshop on generation and moderation of Question papers in Bengal Institute of Technology (Dec 23 to 24, 2010).

❖ Eight faculty members have undergone faculty development programme(MISSION 10X) conducted by WIPRO Limited in the month of August 2010.

Programme conducted by the Institute':

❖ Training programme is being conducted for DOEACC student in Biotech department.

❖ Students of the Biotech department visit core sector (like IFB agro industries ltd., Mother Dairy Ltd, Metro Dairy Ltd.) for every two months and others visit the core sector in a year. Second year 'students have visited CESE Power plant at Titagarh last year. Visit to Garden reach ship builders and engineers Ltd. has been planned.

❖ Besides we have community development cell - organizes various programme such as general health care, eye camp, blood group detection, plantations, sit and draw, recitation and music competition.

Student Activity:

❖ First module of campus connect program of InfoSys has been completed and the second module is ongoing. 210 students of all the disciplines of 6th and 7th semesters are participating.

❖ One biotech student got silver medal in WBUT convocation and one ECE student got bronze medal.

❖ Two students received certificate of appreciation for their valuable contribution for Technical input for services to community and economy program of TEQUIP-JU at the workshop held at Jadavpur University.

❖ The students' welfare committee of BIT organizes the annual intra college cricket tournament in Jan-Feb and annual intra college football tournament in March.
